

Minot AFB Civilian Fly-in Registration

Thank you for your interest in the Minot AFB Civilian Fly-In scheduled for 4 Aug 2018.

- The arrival window is **0700-0830**. Departure window is **1630-1700**.
- **Events include Minot AFB Mission, Collision Avoidance briefings and Northern Neighbors Day Activities**

Please note the following:

- Pre-registration is **REQUIRED**.
- We are limited to 20 aircraft. First to register will be first on the list. Passengers are highly encouraged.
- VHF or UHF radio communication is required. Tower freq: 120.65/253.5 Approach: 119.6/363.8
- Fuel will NOT be available.
- Aircraft tie-down points and hangers will NOT be available.
- Chocks may be in short supply. Please bring your own if able.
- Your aircraft WILL be inspected by Security Forces Working Dog Teams upon landing.

We require the following be delivered to us no later than 1 July:

- Per Air Force regulations, each pilot must return a signed DD Form 2402, *Civil Aircraft Hold Harmless Agreement*. This document is a form of military liability release. We must have an original **BLUE** ink signed form before you can land at the base. Faxed copies are not authorized. Individual owners complete blocks 2.b.1-4. and block 4. Corporations complete all items in blocks 2-4.

Prior Permission Required (PPR) number:

- Once we receive your registration, we will contact you with your PPR number. The control tower will ask you for your PPR number on initial contact. This is the Air Force's procedure for verifying that inbound aircraft, civilian or military, have pre-coordinated their flight and do indeed have permission to land. Tower will only give you clearance into their airspace after you have given them this number.

Please fill out the information below and mail this form, along with DD Form 2402, no later than **23 July 2018** to:

TSgt Frederick G. McCarson
405 22nd St. SW
Minot, ND 58701

Please direct questions to Technical Sergeant Frederick McCarson at 723-3468, or email Frederick.McCarson@us.af.mil

Cut here and return bottom piece to above address.
